

Berberine UltraSorb

ENHANCED-ABSORPTION BERBERINE

Berberine UltraSorb™ provides 550 mg of clinically studied Berbevis® berberine with **enhanced absorption** Phytosome™ technology. Berbevis® berberine phytosome is **4x more bioavailable than a standard berberine formulation**. This unique proprietary complex protects and stabilizes the berberine with grape seed extract and pea protein while utilizing sunflower phospholipids to enhance solubility and absorption.^{1†}

Helps support glucose metabolism and healthy metabolic function[‡]

Promotes healthy insulin receptor function and signaling[‡]

Supports lipid metabolism[‡]

Formulated for patients who are looking to **support glucose or lipid metabolism.**[‡]

RESEARCH STUDIES

- A pharmacokinetic study in healthy adults reported that supplementation with 550 mg of Berbevis® berberine phytosome was **four times more bioavailable compared to standard berberine**, as measured by area under the curve, from 0-24 hours after intake.¹
- In a separate human study, clinical benefit was demonstrated after only 30 days at a lower dose than typically used, with no GI side effects.²
- Clinical studies show that daily doses of 1,000-1,500 mg of standard berberine **supports cardiometabolic parameters**, including lipid and triglyceride metabolism and **healthy blood flow**.^{3-8†}
- In a clinical study, berberine supplementation of 500 mg twice daily for three months provided clinically and statistically **significant support for healthy lipid profiles** compared to baseline.^{6†}

Supplement Facts

1 capsule, 1-2 times daily, with or between meals

One (size 00) capsule contains:

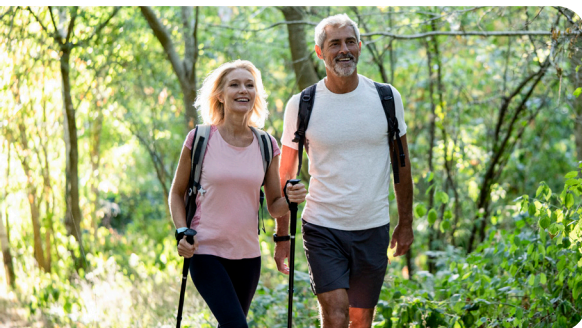

Berbevis® berberine - Indena Phytosome™ complex (Berberine and sunflower phospholipid complex) (standardized to contain 28% berberine)	550 mg
--	--------

Other ingredients: Berbevis® berberine - Indena Phytosome™ complex (Berberis aristata root extract, pea protein isolate, sunflower lecithin, grape seed extract, cellulose, silicon dioxide), vegetarian capsule (cellulose, water), hypoallergenic plant fiber (cellulose), ascorbyl palmitate

Berbevis® berberine - Indena Phytosome™ complex are trademarks of Indena S.p.A., Italy
