# Hemp extract VESIsorb® liquid

A BROAD-SPECTRUM HEMP OIL EXTRACT WITH 10 MG CANNABIDIOL (CBD) PER 1 ML SERVING AND A PATENTED DELIVERY SYSTEM FOR ENHANCED ABSORPTION

## Special Features:

- Provides **broad-spectrum support** from 10+ phytocannabinoids, including CBD, beta-caryophyllene (BCP), and other terpenes
- Enhanced-bioavailability VESIsorb® technology offers a unique, self-assembling colloidal system to enhance absorption by promoting the ability of the hemp extract to dissolve readily in an aqueous environment
- Offers 10 mg CBD per 1 ml serving in a convenient liquid delivery
- Our product is **FREE FROM GMOs**†; gluten; hydrogenated fat; artificial colors, flavors and sweeteners
- Every batch is extensively third-party tested for potency and purity

Each batch tested to ensure THC levels <0.3%

Colloidal delivery system for enhanced bioavailability

Solvent-free, clean CO<sub>2</sub> extraction

## Supplement Facts

1 dropper (1 ml), 1-2 times daily, with or between meals

Each dropper (1 ml) contains:

VESIsorb® hemp (*Cannabis sativa*) oil extract (aerial parts) 56 mg  
(standardized to contain phytocannabinoids and terpenes, including beta-caryophyllene and 10 mg of cannabidiol (CBD))

Other ingredients: vegetable glycerin, purified water, VESIsorb® colloidal delivery system (medium-chain triglycerides, polysorbate 80, polyglycerol esters), natural cinnamon and peppermint flavors

VESIsorb® is a registered trademark of Source One Global Partners.

**Store in a cool, dry place. Shake well before use.**

**Not to be taken by pregnant or lactating women. Do not consume if you have liver disease. If you have any health condition, are under 18, or are taking any medication, consult your health professional before use.**

## Unwavering Manufacturing Standards

- 100% U.S.-sourced, field-grown agricultural hemp
- Extracted using solvent-free, clean CO<sub>2</sub> technology, an environmentally friendly and efficient method
- Every batch is extensively third-party tested for potency and purity, including solvents and pesticides

## Results of a Human Pharmacokinetic Study

Compared to a standard MCT oil formulation, a single 25 mg dose of CBD in the VESIsorb® delivery system:

- Significantly enhances bioavailability
- Absorbs into the bloodstream 3X faster
- Increases peak plasma level 4X

In a recent randomized, double-blind crossover trial, a single oral dose of 25 mg CBD in the VESIsorb® system led to a 4.4-fold higher peak plasma concentration (C<sub>max</sub>) and a 2.85-fold higher area under the curve (AUC<sub>0-8h</sub>) compared to a standard CBD formulation. Faster absorption was also demonstrated, with peak plasma levels achieved one hour after ingestion of the CBD + VESIsorb® compared to three hours for the reference formulation.
