VERIFIABLE SCIENCE

Athletic Pure Pack is designed to promote energy metabolism¹, muscle recovery², and immune function³ with a comprehensive profile of bioavailable vitamins, chelated minerals, fish oil, and other ingredients. Each pack include activated B vitamins, including Metafolin[®] L-5-methyltetrahydrofolate (L-5-MTHF), the naturally occurring, universally metabolized form of folate, to support healthy red blood cell function.⁴ Vitamin C is included to support nitric oxide activity and immune function.³ L-Glutamine also supports immune function, as well as healthy muscle preservation.⁵ Trace minerals, including manganese and copper, support healthy connective tissue integrity.⁶

Omega-3 fatty acids support healthy cytokine balance.⁷ Creatine supports metabolic acid buffering,⁸ ATP synthesis and muscular adaptations to resistance and endurance training.⁹ Alpha lipoic acid is an antioxidant and cofactor that supports mitochondrial function and energy metabolism.^{8,11} Grape seed and superfruits contain polyphenols that may help to moderate oxidative stress during training.^{12†}
