

Coriolus extract

From the PureResponse® product line; hot-water mushroom extract to promote white blood cell function‡

INDICATIONS

- Ages 18 and up
- Immune and white blood cell function support‡

BENEFITS

- Enhances immune function and energy‡
- Promotes white blood cell number and function‡
- Supports antibody production, cytokine balance and a healthy gut microflora‡

FEATURES

- Wild-crafted and certified organic turkey tail mushroom extract
- Produced using a carefully controlled, unique hot water extraction process to concentrate the soluble beta-glucan fraction
- Standardized to contain 30% beta-glucan
- Formulated with Samuel F. Yanuck, D.C., FACFN, FIAMA[†]
- Part of PureResponse® product line
- Made with high-quality vegan ingredients backed by verifiable science

VERIFIABLE SCIENCE

Coriolus versicolor, also known as turkey tail mushroom, is used in traditional Chinese medicine to enhance immune function and energy. Research indicates an immunomodulatory effect and promotion of white blood cell number and function, including lymphocyte, macrophage and NK cells.^{1,2} It has also been shown to support antibody production, cytokine balance and a healthy gut microflora.³ The main bioactive compounds in this mushroom are polysaccharides, namely beta-glucan.⁴ Pure Encapsulations' Coriolus extract is wild-crafted and organic, produced using only carefully controlled hot water to break apart the cell walls for concentration of the soluble beta-glucans.[‡]

SUGGESTED USE

As a dietary supplement, take 1 capsule, 1-2 times daily, between meals, or as directed by a health professional.

STORAGE

Store in a cool, dry place.

WARNING

If you are pregnant or lactating, have any health condition or are taking any medication, consult your health professional before use.

SOURCE

- Turkey tails (*Coriolus versicolor*) extract is hot water extracted.

NOTES

Size 00 capsule

Bottle count 60

Order code CRS6

Bottle size 190 cc
