

Liposomal Vitamin C

Enhanced-absorption liposomal vitamin C to support cellular function, antioxidant defenses and immune health[†]

INDICATIONS

- Immune support[†]
- Antioxidant defense[†]

BENEFITS

- Promotes healthy immune function[†]
- Supports cellular health[†]

FEATURES

- Ages 9+
- Easy to absorb, enhanced-retention form of vitamin C
- Formulated with clinically studied PureWay-C[®]
- Structurally validated liposomes that are small and highly stable for optimal absorption across membranes
- Made with hypoallergenic, vegan ingredients

VERIFIABLE SCIENCE

Vitamin C is a water-soluble nutrient that cannot freely cross the lipid membranes in the gastrointestinal tract, which limits its absorption.¹ Uptake of this nutrient requires carrier proteins, which escort vitamin C across the intestinal membranes to reach the bloodstream. These carriers have a low capacity and are easily saturated, especially at higher doses of vitamin C. This limits the amount of this nutrient that reaches organs and tissues, including the cells of the immune system.² In contrast, liposomes can freely diffuse across membranes in the GI tract.^{3,4} Liposomal Vitamin C provides an enhanced-absorption form that does not require a carrier system. It contains PureWay-C[®], a clinically studied form of vitamin C that combines ascorbic acid with natural lipid metabolites and citrus bioflavonoids.^{5,6} This enhanced vitamin C is loaded into small-sized, spherical, highly-stable liposomes, which are verified by electron microscopy to ensure the presence of intact, authentic structures. Liposomes can be absorbed directly across mucus membranes in the gastrointestinal tract, supporting enhanced bioavailability.^{7†}

SUGGESTED USE

As a dietary supplement, take 2 capsules, 1-2 times daily, with or between meals.

STORAGE

Store in a cool, dry place.

WARNING

If you are pregnant or lactating, have any health condition or are taking any medication, consult your health professional before use.

SOURCE

- Pureway-C[®] is manufactured in a proprietary process from L-Ascorbic acid, citrus bioflavonoids (from *Citrus Aurantium*), fatty acids (from rice bran wax), and phospholipids (from sunflower lecithin)

NOTES

Capsule size 00

120 count

Bottle size 275 cc

Order code LVC1

Liposomal Vitamin C

Enhanced-absorption liposomal vitamin C to support cellular function, antioxidant defenses and immune health[†]

SUPPLEMENT FACTS

2 capsules, 1-2 times daily, with or between meals.

Two (size 00) vegetarian capsules contain:

Vitamin C (as Liposomal Pureway-C® ascorbic acid) 500 mg

Other ingredients: liposomal matrix (sunflower phospholipids, rice bran wax fatty acids, citrus bioflavonoids), hypoallergenic plant fiber (cellulose), vegetarian capsule (cellulose, water), ascorbyl palmitate

Liposomal Pureway-C® and the Liposomal Pureway-C® logo are trademarks of One Innovation Labs, L.L.C. in the U.S. and/or other countries.
