

# PureBi•Ome™ Intensive

Probiotic combination to support intestinal microbial balance and health<sup>‡</sup>

## INDICATIONS

- Ages 18 and up
- Overall bowel health and microflora support<sup>‡</sup>
- Support for occasional diarrhea<sup>‡</sup>

## BENEFITS

- Supports overall bowel health<sup>‡</sup>
- Promotes healthy microflora, bowel function, and GI comfort<sup>‡</sup>
- Lessens the occurrence of occasional diarrhea<sup>‡</sup>
- May stimulate enzyme secretions to support normal digestive functions and neutralize toxins<sup>‡</sup>

## FEATURES

- Offers 25 billion CFU per capsule of four clinically-researched probiotic strains
- Grown on a dairy-free, soy-free medium
- Made with high-quality vegetarian ingredients backed by verifiable science

## VERIFIABLE SCIENCE

PureBi•Ome™ Intensive offers 25 billion CFU per capsule of four clinically researched probiotic strains, *Lactobacillus acidophilus* (NCIMB 30157), *Lactobacillus acidophilus* (NCIMB 30156), *Bifidobacterium bifidum* (NCIMB 30153) and *Bifidobacterium lactis* (NCIMB 30172), combined with 5 billion CFU *Saccharomyces boulardii*. The 4-strain blend is the focus of numerous clinical trials, showing support for healthy microflora, bowel function and GI comfort.<sup>1</sup> *Saccharomyces boulardii* is included as additional support for healthy bowel function.<sup>2</sup> In a double-blind, controlled trial involving 151 individuals, *S. boulardii* supplementation lessened the occurrence of occasional diarrhea and supported overall bowel health.<sup>3</sup> Research suggests that *S. boulardii* may stimulate enzyme secretions to support normal digestive functions and neutralize toxins for a healthy G.I. tract.<sup>4‡</sup>

## SUGGESTED USE

As a dietary supplement, take 1 capsule daily, with a meals.

## STORAGE

Keep refrigerated.

## WARNING

Probiotics may be contraindicated for immunocompromised individuals. If you are pregnant or lactating, have any health condition or are immunocompromised, or are taking any medication, consult your health professional before use.

## SOURCE

- *Lactobacillus acidophilus* (NCIMB 30157), *Lactobacillus acidophilus* (NCIMB 30156), *Bifidobacterium bifidum* (NCIMB 30153) and *Bifidobacterium lactis* (NCIMB 30172) are grown on a dairy-free, soy-free medium
- *Saccharomyces boulardii* is grown on a medium of molasses, vitamins and minerals
- Hypo-allergenic plant fiber is derived from pine cellulose

## NOTES

Serving size 00 caps

Bottle count 30

Order code BIOI3

Bottle size 120 cc
