

Liposomal Glutathione liquid

Enhanced absorption liposomal glutathione to support antioxidant defense, detoxification, and cellular function[‡]

INDICATIONS

- Ages 18 and up
- Antioxidant defense[‡]
- Detoxification support[‡]
- Daily wellness[‡]

BENEFITS

- Protects from free radicals to support tissue health[‡]
- Supports liver health and detoxification[‡]
- Plays a critical role in cellular function, including protein synthesis, enzyme function, and cell maturation[‡]

FEATURES

- Enhanced liposomal liquid delivery system
- Pleasant-tasting, lemon-mint flavor
- 100 mg of glutathione per serving
- Made with hypoallergenic, vegan ingredients

VERIFIABLE SCIENCE

Liposomal Glutathione liquid offers the antioxidant glutathione in an enhanced-absorption liposomal form to target cellular health and function.¹ Glutathione is a large molecule composed of glutamine, cysteine and glycine. It is found in virtually every cell of the body and plays a critical role in protein synthesis, enzyme function and transport, and cell maturation. It is also one of the main endogenous antioxidants, acting to recycle other antioxidants and protect the body from free radicals.² Optimal levels of glutathione have been associated with physical and mental health,³ and the liposomal form helps to protect the glutathione bonds from degradation that can occur in digestion. This liposomal liquid delivery system utilizes phosphatidylcholine from non-GMO sunflower oil and tight manufacturing control to ensure glutathione encapsulation for optimal performance. The controlled processing procedure results in very small, highly stable spherical liposomes. These small liposomes allow for increased absorption and diffusion across mucus membranes.[‡]

SUGGESTED USE

As a dietary supplement, take 2 pumps by mouth, 2 times daily, or as directed by a health professional. Hold in mouth 30 seconds before swallowing. Take on an empty stomach, at least 10 minutes before meals.

STORAGE

Keep refrigerated.

WARNING

If you are pregnant or lactating, have any health condition or are taking any medication, consult your health professional before use.

SOURCE

- Glutathione source is microbial fermentation
- Phospholipids source is sunflower

NOTES

50 servings per container

Order code LGL

Keep refrigerated

Use within 30 days after opening

Liposomal Glutathione liquid

Enhanced absorption liposomal glutathione to support antioxidant defense, detoxification, and cellular function[‡]

SUPPLEMENT FACTS

2 pumps by mouth, 2 times daily, or as directed by a health professional.

Hold in mouth 30 seconds before swallowing. Take on an empty stomach, at least 10 minutes before meals.

Serving size: 2 pumps (approximately 1 ml)

Servings per container: 50

2 pumps contain:

Sodium	7 mg
Glutathione	100 mg
Phosphatidylcholine (from sunflower)	75 mg

Other ingredients: purified water, glycerin, ethanol, vitamin E (as tocopherol), natural citrus and mint oils

KEEP REFRIGERATED.

Liposomal Glutathione liquid	Quantity	Order Code
