

7-KETO[®] DHEA (DHEA-Acetate-7-one)

Unique DHEA metabolite; supports thermogenesis and healthy body composition[†]

INDICATIONS

- Ages 18 and up
- Healthy weight management[†] and body composition support[†]

BENEFITS

- Supports thermogenesis and healthy body composition[†]
- Clinically researched non-hormonal dietary supplement to enhance DHEA absorption[†]
- Promotes metabolic support without converting to testosterone or estrogen[†]

FEATURES

- Made with high-quality vegan ingredients backed by verifiable science

VERIFIABLE SCIENCE

7-KETO[®] DHEA, a safe and natural metabolite of DHEA, was the subject of research for over a decade at the University of Wisconsin in Madison. 7-Keto[®] exhibits a functional profile that is distinct from other forms of DHEA. Researchers discovered that 7-Keto[®] supports various physiological processes without converting to testosterone or estrogen. This minimizes the potential for androgenic and estrogenic activity.¹ Preclinical data suggest that 7-Keto[®] is several times more potent than DHEA in stimulating the thermogenic enzymes of the liver. This thermogenic effect may contribute to increased basal metabolism, supporting a healthy lean/adipose ratio. 7-Keto[®] supports healthy weight management[†] as part of a healthy lifestyle with a reduced calorie diet and regular exercise.² In a double-blind study involving 30 overweight adults, 7-Keto[®] supported healthy body composition and BMI when combined with exercise.^{3†}

7-KETO[®] DHEA is also known as DHEA-Acetate-7-one, 3-acetoxy-androst-5-ene-7, 17-dione, or 3-acetyl-7-oxo-dehydroepiandrosterone.

SUGGESTED USE

100 mg: As a dietary supplement, take 1 capsule, 1-2 times daily, with meals.

50 mg & 25 mg: As a dietary supplement, take 1 capsule, 1-4 times daily, with meals, or as directed by a health professional.

STORAGE

Store in a cool, dry place.

WARNING

Not to be taken by pregnant or lactating women. If you have any health condition or are taking any medication, consult your health professional before use.

SOURCE

- 7-KETO[®] is made from DHEA. DHEA is produced when diosgenin is extracted from wild yam and modified in a laboratory process to achieve the final structure
- Hypo-allergenic plant fiber is derived from pine cellulose

NOTES

7-KETO[®] DHEA 25 mg

Size 3 caps

Bottle count 60/120

Order codes KD26/KD21

Bottle size 75 cc/120 cc

7-KETO[®] DHEA 50 mg

Size 3 caps

Bottle count 60/120

Order codes KD56/KD51

Bottle size 75 cc/120 cc

7-KETO[®] DHEA 100 mg

Size 3 caps

Bottle count 60/120

Order codes KD16/KD11

Bottle size 75 cc/120 cc
