

Ascorbyl Palmitate

Fat-soluble vitamin C; antioxidant support[†]

INDICATIONS

- Ages 18 and up
- Healthy immune system support[†]
- Cardiovascular health and iron absorption[†]

BENEFITS

- Vitamin C in a form that can be stored in lipid cell membranes[†]
- Antioxidant and free radical scavenger that supports cellular and cardiovascular health[†]
- Supports the body's defense systems by promoting white blood cell function and antibody response[†]
- Assists in iron absorption[†]
- Promotes collagen formation[†]

FEATURES

- Fat soluble form of vitamin C
- Made with high-quality vegetarian ingredients backed by verifiable science

VERIFIABLE SCIENCE

Ascorbyl palmitate is a fat-soluble derivative of ascorbic acid. Unlike the water-soluble form, ascorbyl palmitate is able to enter the lipid cell membrane.¹ Vitamin C is an important antioxidant and free radical scavenger that plays well-established roles in immune function. These functions include maintaining healthy mast cell function and lymphocyte formation.^{2,3} Vitamin C is also essential for the formation and maintenance of collagen.⁴ It also aids in the absorption of iron and the formation of red blood cells.^{5†}

SUGGESTED USE

As a dietary supplement, take 1 capsule, 1-2 times daily, with meals.

STORAGE

Store in a cool, dry place.

WARNING

If you are pregnant or lactating, have any health condition or are taking any medication, consult your health professional before use.

SOURCE

- Ascorbyl palmitate is derived from corn dextrose fermentation and palm oil

NOTES

Size 00 caps

Bottle count 90/180

Order codes ASP9/ASP1

Bottle size 290 cc/20 oz
