

Joint Complex (single dose)[†]

Once-daily joint support formula[†]

INDICATIONS

- Ages 18 and up
- Joint mobility and comfort[†]

BENEFITS

- Promotes overall joint health, mobility, and comfort[†]
- Supports cartilage health[†]
- Enhances tissue hydration and joint lubrication[†]

FEATURES

- Convenient once-daily capsule
- Offers a combination of cartilage building blocks and herbal extracts[†]

VERIFIABLE SCIENCE

Joint Complex (single dose) contains UC-II® undenatured type-II collagen complex, hyaluronic acid and MSM to support joint health, flexibility, and comfort. In a randomized, double-blind trial involving 52 subjects, 40 mg of UC-II® was more than twice as effective in promoting joint health as 1,500 mg of glucosamine and 1,200 mg of chondroitin as rated by WOMAC, VAS, and the Lequesne functional index.¹ Another study involving five women supplemented with 40 mg of UC-II® for 42 days, indicated statistically significant support for joint comfort and flexibility.² MSM provides sulfur to enhance the structure and integrity of proteoglycans. A randomized, double-blind, placebo-controlled trial indicates that MSM promotes joint comfort and function.³ Research suggests that MSM may also support antioxidant capacity during exercise.⁴ Hyaluronic acid helps maintain tissue hydration to support joint lubrication.⁵ HyaMax® sodium hyaluronate provides a low molecular weight source of hyaluronic acid produced through fermentation. In a pharmacokinetic study, orally administered HyaMax® hyaluronic acid was incorporated into joints, connective tissue, and skin, with a particular affinity for cartilaginous joints. Lastly, 5-LOXIN® AKBA boswellia and enhanced absorption Meriva® turmeric extracts help maintain healthy 5-lipoxygenase and cyclooxygenase-2 enzyme activity and cytokine metabolism to offer additional joint comfort support.^{6,7†}

SUGGESTED USE

As a dietary supplement, take 1 capsule daily, with a meal.

STORAGE

Store in a cool, dry place.

WARNING

Not to be taken by pregnant or lactating women. If you have any health condition or are taking any medication, consult your health professional before use.

SOURCE

- UC-II® standardized cartilage is derived from chicken sternum cartilage using a patented, low-temperature manufacturing process and standardized to contain 25% total collagen.
- Low molecular weight hyaluronic acid is derived from fermentation.
- MSM (methylsulfonylmethane) is synthetic.
- Meriva® turmeric phytosome is derived from turmeric extract (*Curcuma longa*) root and standardized to contain 18% curcuminoids, and phospholipids derived from sunflower.
- 5-LOXIN® AKBA extract is derived from *Boswellia serrata* gum resin and standardized to contain 30% 3-acetyl-11-keto-beta-boswellic acid (AKBA).
- Ascorbyl palmitate is derived from corn dextrose fermentation and palm oil.

NOTES

Size 00 capsules

Bottle count 30/60

Order code JC3/JC6

Bottle size 120 cc/190 cc

SUPPLEMENT FACTS

1 capsule daily, with a meal.

Each (size 00) vegetarian capsule contains:

UC-II [®] standardized cartilage (from chicken sternal cartilage) (standardized to contain 10 mg total collagen)	40 mg
Hyaluronic acid (low molecular weight)	70 mg
MSM (methylsulfonylmethane)	400 mg
Meriva [®] turmeric phytosome (turmeric (<i>Curcuma longa</i>) extract (root) and sunflower phospholipid complex)(standardized to contain 18% curcuminoids)	100 mg
5-LOXIN [®] - <i>Boswellia serrata</i> extract	100 mg
Indian frankincense (<i>Boswellia serrata</i>) extract (gum resin) (standardized to contain 30% 3-acetyl-11-keto-beta-boswellic acid (AKBA))	
Other ingredients: vegetarian capsule (cellulose, water), potassium chloride, ascorbyl palmitate
