

NeuroPure

From the PureSYNAPSE™ product line; supports emotional, neurocognitive and behavioral health†

INDICATIONS

- Ages 18 and up
- Supports emotional wellness and positive mood†

BENEFITS

- Provides enhanced support for emotional balance and mood stability†
- Supports overall neurotransmitter function and neuronal health†

FEATURES

- Contains a blend of neurotransmitter precursors
- Part of the PureSYNAPSE™ product line
- Made with high-quality vegetarian ingredients backed by verifiable science

VERIFIABLE SCIENCE

NeuroPure promotes the production of serotonin and dopamine to support emotional balance and mood stability. This formula includes the serotonin and dopamine neurotransmitter precursors 5-HTP and DL-phenylalanine, together with the essential cofactors vitamin B₆, Metafolin® L-5-MTHF and zinc that support neurotransmitter production.¹⁻³ Optimal zinc and folate status is associated with positive mood in studies.^{4,5†} Phenylalanine supports phenylethylamine (PEA) activity, which plays important roles in emotional wellness.⁶ Curcumin supports healthy serotonin receptor function and maintains cytokine balance.⁷ In preclinical models, quercetin moderates the activity of monoamine oxidase, potentially enhancing synaptic levels of monoamine neurotransmitters.^{8†}

SUGGESTED USE

As a dietary supplement, take 2 capsules, 1-2 times daily, between meals.

STORAGE

Store in a cool, dry place.

WARNING

Not to be taken by pregnant or lactating women. If you have any health condition or are taking any medication, particularly psychiatric medications,

consult your health professional before use. Do not use concurrently with antidepressants.

PHENYLKETONURICS: CONTAINS
PHENYLALANINE

SOURCE

- Pyridoxal 5' phosphate, folate (Metafolin®, L-5-MTHF) and DL-Phenylalanine are synthetic
- Magnesium and zinc are derived from the lime of rock
- 5-Hydroxytryptophan is derived from *Griffonia simplicifolia* seeds
- Turmeric extract is derived from *Curcuma longa* root and standardized to contain 18% curcuminoids
- Phospholipids are derived from soy
- Quercetin is derived from the Fava d'anta tree (*Dimorphandra mollis*) pods and Cat's claw (*Uncaria tomentosa*) leaves

NOTES

Size 00 caps

Bottle count 120

Order code NOP1

Bottle size 290 cc

SUPPLEMENT FACTS

2 capsules, 1-2 times daily, between meals.

Two (size 00) vegetarian capsules contain:

Vitamin B ₆ (as pyridoxal 5' phosphate) (activated B ₆)	6.7 mg
Folate (as Metafolin®, L-5-MTHF)	833 mcg DFE (500 mcg L-5-MTHF)
Zinc (as zinc picolinate)	10 mg
DL-Phenylalanine (free-form)	700 mg
5-Hydroxytryptophan	100 mg
Meriva® turmeric phytosome (turmeric (<i>Curcuma longa</i>) extract (root) and sunflower phospholipid complex (standardized to contain 18% curcuminoids)	250 mg
Quercetin	100 mg
Other ingredients: vegetarian capsule (cellulose, water)	

Meriva® is a trademark of Indena S.p.A.

Phytosome More Bioavailable is a trademark of Indena S.p.A., Inc.

Metafolin® is a registered trademark of Merck KGaA, Darmstadt, Germany.

Not to be taken by pregnant or lactating women. If you have any health condition or are taking any medication, particularly psychiatric medications, consult your health professional before use. Do not use concurrently with antidepressants.
