

Perilla extract

PureResponse™ formula; perilla seed extract to support healthy modulation of Th2 cytokines and mucosal health†

INDICATIONS

- Ages 18 and up
- Respiratory and immune function†
- Gastrointestinal support†

BENEFITS

- Supports healthy modulation of Th2 cytokines, and eosinophil and mast cell activity†
- Maintains healthy modulation of mucosal immune responses to environmental factors†

FEATURES

- Offers perilla seed extract for more concentrated polyphenols, rosmarinic acid, luteolin, and other beneficial compounds compared to leaf
- Part of the PureResponse™ product line
- Made with high-quality vegan ingredients backed by verifiable science

VERIFIABLE SCIENCE

Perilla has been traditionally used to promote healthy respiratory and immune function. In animal models of Th2 dominance, perilla maintains healthy upper respiratory cytokine levels.¹ Perilla extract helps support healthy modulation of Th2 cytokines, and eosinophil and mast cell activity.^{2,3} Modulating Th2 status helps to maintain Th1/Th2 balance and offers support for self-tissue response. It also helps maintain healthy modulation of mucosal immune responses to environmental factors and cytokine homeostasis of GI mucosal tissue.^{4†}

SUGGESTED USE

As a dietary supplement, take 1 capsule, 1-2 times daily, between meals, or as directed by a health professional.

STORAGE

Store in a cool, dry place.

WARNING

If you are pregnant or lactating, have any health condition or are taking any medication, consult your health professional before use.

SOURCE

- Perilla extract is derived from *Perilla frutescens* L. seed

NOTES

Size 2 capsule

Bottle count 90

Order code PRL9

Bottle size 120 cc
