

Pancreatic Enzyme Formula

What Is It?

Pancreatic Enzyme Formula provides natural enzymes to nutritionally support proper digestive function. This formula is now offered in acid-resistant capsules with pH targeted release for maximal enzyme delivery to the small intestine.*

Uses For Pancreatic Enzyme Formula

Digestion Support: Pancreatic Enzyme Formula is designed to aid the body's natural digestive process. It provides a highly concentrated form of enzymes naturally secreted by the pancreas, which are essential to the digestion of food and absorption of nutrients. The formula contains lipase, which digests fat; proteases, which digest protein; and amylases, which digest starch.*

Special Features

Pancreatic Enzyme Formula is offered in acid-resistant capsules with pH targeted release. These capsules are designed to resist disintegration in an acidic environment (i.e. stomach) and dissolve in more alkaline environments (i.e. small and large intestine). This technology helps to protect the enzymes from stomach acid.

Disintegration in Simulated Gastric and Simulated Intestinal Fluids

Percentage of ingredient released in simulated gastric fluids and intestinal fluids.[†] After two hours in pH 1.2 simulated gastric fluids, less than 20% of capsule contents were released. After 45 minutes in pH 6.8 simulated intestinal fluids, more than 80% of capsule contents had dissolved.

[†]This test was performed under a specific protocol which is available upon request.

What Is The Source?

Pancreatin is a full-strength, undiluted porcine extract, containing digestive enzymes lipase, protease and amylase in their natural ranges. Gellan gum is derived from *Pseudomonas elodea*.

Recommendations

Pure Encapsulations recommends 1-2 capsules with each meal.

Are There Any Potential Side Effects Or Precautions?

At this time, there are no known side effects or precautions. If pregnant or lactating, consult your physician before taking this product.

Are There Any Potential Drug Interactions?

At this time, there are no known adverse reactions when taken in conjunction with medications. Consult your physician for more information.

Pancreatic Enzyme Formula

each vegetarian capsule contains  0
 Pancreatin (from porcine) (lactose free)..... 500 mg
 provides:
 lipase..... 17,500 USP units
 protease..... 110,000 USP units
 amylase..... 120,000 USP units
 other ingredients: vegetarian capsule (cellulose, gellan gum, water)
 1-2 capsules with each meal.
