

B₁₂ Liquid

Formulated with methylcobalamin; supports red blood cell function, energy metabolism and neurological health[†]

INDICATIONS

- Ages 18 and up
- Neurological health[†]

BENEFITS

- Acts as an important cofactor in methylation and energy metabolism[†]
- Supports neurological function and nerve cell health[†]
- Promotes cognitive function and emotional well-being[†]

FEATURES

- Formulated with methylcobalamin, an active form of vitamin B₁₂
- Convenient, great-tasting liquid formula for easy dispensing
- Made with high-quality vegetarian ingredients backed by verifiable science

VERIFIABLE SCIENCE

Methylcobalamin, an active form of vitamin B₁₂, supports neurological function and nerve cell health¹. In studies, methylcobalamin has demonstrated the potential to support healthy cognitive and nerve function as well as memory and emotional well-being². Vitamin B₁₂ is also an important cofactor for energy production and plays a role in immune system health and healthy homocysteine metabolism^{3†}

SUGGESTED USE

As a dietary supplement, take 1 dropper, 1-3 times daily, with meals, or as directed by your health professional.

STORAGE

Store in a cool, dry place.

WARNING

If you are pregnant or lactating, have any health condition or are taking any medication, consult your health professional before use.

SOURCE

- Pure Encapsulations methylcobalamin is produced from corn dextrose fermentation. It has a naturally occurring red color that does not result from the use of artificial dyes or colors
- Neither the capsule or liquid products contain added artificial sugars or added color

NOTES

Serving size 1 ml (0.03 fl oz) (one full dropper)

Servings per container 30

Bottle size 30 ml (1 fl oz)

Order code B12L
