

Cranberry/d-Mannose

Dual support for urinary tract health[†]

INDICATIONS

- Ages 18 and up
- Urinary tract health support[†]

BENEFITS

- Provides urinary tract support[†]
- Enhances the acidity of urine and maintains a healthy urinary tract ecology[†]
- May support healthy genitourinary function by maintaining a healthy mucosal surface[†]

FEATURES

- Made in a proprietary process from 100% whole cranberry fruit solids without the use of solvents or sugars
- Protects cranberry's bioactive principles with a natural fiber matrix
- Made with high-quality vegan ingredients backed by verifiable science

VERIFIABLE SCIENCE

Cranberry concentrate provides urinary tract support without the unwanted sugar found in cranberry juice or juice cocktails. It enhances the acidity of urine and maintains a healthy urinary tract ecology.¹ At Brigham and Women's Hospital in Boston, a randomized double-blind, placebo-controlled trial involving over 150 female volunteers reported positive support for a healthy urinary tract after administration of a cranberry beverage.² d-Mannose, a simple sugar found in cranberries and other fruit, is included in this formula to provide enhanced support.³ One study suggested that d-Mannose may play a role in supporting healthy genitourinary function by maintaining a healthy mucosal surface.^{4†}

SUGGESTED USE

As a dietary supplement, take 2 capsules, 1-3 times daily, with or between meals.

STORAGE

Store in a cool, dry place.

WARNING

If you are pregnant or lactating, have any health condition or are taking any medication, consult your health professional before use.

SOURCE

- Cranberry extract is made in a proprietary process from 100% whole cranberry fruit solids without the use of solvents or sugars. It is made in a patented process designed to concentrate and protect the bioactive principles of cranberry with a natural fiber matrix, which helps to facilitate their transportation to the lower intestine without being destroyed by gastric acid
- d-Mannose is sourced from beech/birch wood hydrolysate (inner wood)
- Ascorbyl palmitate is derived from corn dextrose fermentation and palm oil

NOTES

Size 00 caps

Bottle count 90, 180

Order codes CRD9, CRD1

Bottle size 290 cc, 20 oz
