

ProstaFlo

Supports urinary and prostate health[†]

INDICATIONS

- Ages 18 and up
- Urinary function and prostate health support[†]

BENEFITS

- Supports healthy urinary function and prostate health[†]
- Helps maintain healthy urethra smooth muscle function[†]
- May promote healthy leukotriene and prostaglandin production[†]

FEATURES

- Highly concentrated flower pollen extract
- Made with high-quality vegan ingredients backed by verifiable science

VERIFIABLE SCIENCE

First developed in Sweden and used for over forty years in numerous countries, flower pollen extract contains a highly concentrated, 20:1 combination of water soluble to fat soluble flower pollen extracts (the allergenic outer husk is removed) from rye. The fat-soluble constituents of this extract promote healthy leukotriene and prostaglandin production *in vitro*.¹ An animal study indicates that the water-soluble fraction maintains healthy urethra smooth muscle function.² A multiple-center, double-blind study and a separate clinical evaluation of long-term consumption indicated that flower pollen extract supported healthy urinary function and prostate health in volunteers.^{3†}

SUGGESTED USE

As a dietary supplement, take 1 capsule, 3 times daily, with meals.

STORAGE

Store in a cool, dry place.

WARNING

If you are pregnant or lactating, have any health condition or are taking any medication, consult your health professional before use.

SOURCE

- Flower pollen extract (*Secale cereale* L.) is derived from rye and contains the water- and fat-soluble fractions in a 20:1 ratio. The pollen is harvested directly from selected plants, and the allergenic outer husk is removed

NOTES

Size 1 caps

Bottle count 180

Order code PRF1

Bottle size 290 cc
