

RevitalAge Ultra

Mitochondrial support formula for cellular longevity[†]

INDICATIONS

- Ages 18 and up
- Healthy aging support[†]

BENEFITS

- Promotes healthy aging[†]
- Supports mitochondrial function and cellular energy production[†]
- Provides antioxidant support[†]
- Supports cognitive performance[†]

FEATURES

- Offers the patented combination of acetyl-L-carnitine (ALC), alpha lipoic acid (ALA) and biotin
- Includes pTeroPure™, pure, clinically researched pterostilbene (methylated resveratrol)
- Made with high-quality vegan ingredients backed by verifiable science

VERIFIABLE SCIENCE

RevitalAge™ Ultra is a scientifically researched combination of acetyl-L-carnitine (ALC) and alpha lipoic acid (ALA) offered with antioxidant and mitochondrial support cofactors. It promotes healthy aging through maintaining mitochondrial function, cellular energy production and antioxidant protection. Specifically, alpha lipoic acid, acetyl-L-carnitine and resveratrol support mitochondria synthesis by promoting activation of the key enzyme AMP kinase (AMPK).¹ PhytoLongevity provides polyphenols that have been studied for their cardiometabolic and neurocognitive benefits.² The patented combination of acetyl-L-carnitine (ALC), alpha lipoic acid (ALA) and biotin, used under license with Juvenon, Inc., promotes healthy aging by maintaining healthy gene expression, mitochondrial number, cellular energy production and antioxidant capacity. Additionally, it supports cardiovascular and neurocognitive benefits as demonstrated in multiple studies.³ MicroActive® Sustained-Release CoQ₁₀ is a water-soluble form of coenzyme Q₁₀ with improved, sustained absorption and lower inter-subject variability. A clinical study reported a 300% greater peak plasma concentration compared to standard CoQ₁₀.⁴ Clinically researched resVida® (pure trans-resveratrol) supports mitochondrial biogenesis and helps to protect cells from free radicals that

contribute to cellular aging.⁵ It also supports the expression of longevity genes in the cardiovascular system and brain that are associated with life span in preclinical studies.⁶ pTeroPure™ is pure, clinically researched pterostilbene, a methylated analog of resveratrol. Pterostilbene promotes cardiometabolic health by supporting healthy PPAR-alpha receptor activity and may provide additional antioxidant support when combined with resveratrol.^{7,8†}

SUGGESTED USE

As a dietary supplement, take 3 capsules daily, with meals.

STORAGE

Store in a cool, dry place.

WARNING

If you are pregnant or lactating, have any health condition or are taking any medication, consult your health professional before use.

SOURCE

- Acetyl-L-carnitine HCl alpha lipoic acid (thioctic acid), biotin, resVida® resveratrol and pterostilbene are synthetic
- MicroActive® CoQ₁₀-cyclodextrin complex contains coenzyme Q₁₀ obtained naturally from fermentation and potato starch
- PhytoLongevity proprietary blend is sourced from cranberry (*Vaccinium macrocarpon*) extract (fruit), wild blueberry (*Vaccinium angustifolium*) extract (fruit), Orléans strawberry (*Fragaria vesca* var Orléans) extract (fruit) and spinach (*Spinacia oleracea*) extract (leaf)

NOTES

Size 00 caps

Bottle count 90

Order codes RJU9

Bottle size 290 cc

SUPPLEMENT FACTS

3 capsules daily, with meals.

Three (size 00) vegetarian capsules contain:

Biotin ^Δ	2 mg
Acetyl-L-carnitine HCl ^Δ	1,000 mg
Alpha lipoic acid (thioctic acid) ^Δ	400 mg
resVida [®] resveratrol (as trans-resveratrol)	30 mg
CoQ ₁₀ sustained-release (from MicroActive [®] Q ₁₀ -cyclodextrin complex)	30 mg
pTeroPure [™] pterostilbene	5 mg
PhytoLongevity proprietary blend providing cranberry (<i>Vaccinium macrocarpon</i>) extract (fruit), wild blueberry (<i>Vaccinium angustifolium</i>) extract (fruit), Orléans strawberry (<i>Fragaria x ananassa</i>) extract (fruit) and spinach (<i>Spinacia oleracea</i>) extract (leaf)	200 mg

Other ingredients: vegetarian capsule (cellulose, water), potato starch, maltodextrin
