

Teavigo®

Standardized green tea extract containing 94% EGCG; antioxidant and cellular support†

INDICATIONS

- Ages 18 and up
- Cellular health and antioxidant protection support†

BENEFITS

- Supports optimal cellular function†
- Provides antioxidant protection†
- Supports prostate, colon, lung and bladder health†
- Promotes healthy cervical tissue†
- May promote healthy lipid metabolism†

FEATURES

- Contains caffeine-free green tea extract
- Standardized to contain 94% epigallocatechin gallate (EGCG)
- Made with high-quality ingredients backed by verifiable science

VERIFIABLE SCIENCE

Teavigo® is a natural, caffeine-free green tea extract providing a highly purified and refined source of epigallocatechin gallate (EGCG). Over the years, numerous studies have reported that this polyphenolic compound supports optimal cellular function and provides antioxidant protection. Multiple recent studies have suggested that EGCG supports prostate, colon, lung and bladder health.^{1,2,3,4} Additionally, a clinical study reported that EGCG promoted healthy cervical tissue.⁵ An in-vitro study conducted at the Mayo Clinic in Minnesota reported that EGCG helped promote blood cell health.⁶ Research has indicated that EGCG may promote cellular health through a number of pathways, including moderating hydroxyl radical formation as well as gene expression.⁷ Furthermore, EGCG may promote healthy lipid metabolism.⁸ Investigators in one study reported that the gallate moiety on the EGCG played a particularly important role in supporting healthy apolipoprotein metabolism.^{9†}

SUGGESTED USE

As a dietary supplement, take 1 capsule, 1-2 times daily, with meals.

STORAGE

Store in a cool, dry place.

WARNING

Take with food. If you have liver problems, consult your health professional before use. If you are pregnant or lactating, have any health condition or are taking any medication, consult your health professional before use.

SOURCE

- Pure Encapsulations® Teavigo® is composed of green tea (*Camellia sinensis*) extract (standardized to contain 94% EGCG)
- Vitamin C (ascorbyl palmitate) is derived from corn dextrose fermentation and palm oil
- Hypo-allergenic plant fiber is derived from pine cellulose

NOTES

Size 1 caps

Bottle count 120

Order code TE1

Bottle size 190 cc
