

Vitamin D₃ VESIsorb®

Self-assembling colloidal system; enhanced absorption vitamin D₃ for musculoskeletal, cardiovascular, neurocognitive, cellular and immune health[†]

INDICATIONS

- Ages 18 and up
- Bone, immune and cellular health[†]

BENEFITS

- Supports musculoskeletal and immune health including healthy bone composition[†]
- Promotes intestinal calcium and phosphorous absorption[†]
- Promotes cellular health, including support for breast and prostate tissue[†]
- Supports colon health by promoting healthy cellular function[†]

FEATURES

- VESIsorb® self-assembling colloidal system for enhanced vitamin D₃ absorption
- Made with high-quality ingredients backed by verifiable science

VERIFIABLE SCIENCE

VESIsorb®, a patented advanced delivery system for improving nutrient bioavailability, offers enhanced-absorption of lipid soluble bioactives by promoting their dissolution in an aqueous environment. Vitamin D promotes intestinal calcium and phosphorous absorption and reduces urinary calcium loss, essential mechanisms for maintaining proper calcium levels in the body and for healthy bone composition.¹⁻³ Research indicates that it also promotes cellular health, including support for breast and prostate tissue, in part by helping to maintain healthy blood vessel function, supporting immune cell activity, and maintaining healthy cell metabolism.⁴ A role for vitamin D in supporting colon health by promoting healthy cellular function has also been suggested.⁵ Vitamin D's role in immune health has long been established; vitamin D receptors are found in a number of immune cells, including lymphocytes and macrophages, supporting healthy immune cell activation.⁶ Vitamin D also supports cardiovascular function in some individuals.⁷

SUGGESTED USE

As a dietary supplement, take 1-2 Caplique® Capsules daily. Consume with food.

STORAGE

Store in a cool, dry place.

WARNING

If you are pregnant or lactating, have any health condition or are taking any medication, consult your health professional before use.

SOURCE

- Vitamin D₃ is derived from the cholesterol in lanolin, the fat found in wool
- Hypoallergenic plant fiber is derived from pine cellulose

NOTES

Size 0 Caplique® caps

Bottle count 60

Order code VDV6

Bottle size 190 cc
